CUSTOMIZE YOUR PROGRAM

Personalize the program to your needs by **selecting from the available language and format options, and choosing the Module of your choice.**

The program is completely flexible, allowing you to customize it **according to your needs.** You can choose to complete the Core Period in the face-to-face format and **then change format** when you start the Module, or the other way around, starting with a Blended format and then switching to face-to-face. **The same applies to languages:** you can carry out your Core Period in Spanish and then change to English, or vice-versa.

In order to obtain an **IE Business School MBA Diploma**, you must complete the Core Period plus one Module. The flexibility of the Program allows you to **study a second module at some point** in the future without having to take the Core Period again.
