

Dear Students,

We are thrilled to invite you to an exclusive event designed to connect theory with real-world practice, offering you the tools to enhance your strategic thinking and advance your professional development. As part of our ongoing commitment to providing you with the best opportunities for growth, we are proud to bring you this unique experience.

The **Reward & Performance Leadership Team** from **Sanofi**, a group of **16 experts from the company's headquarters in France**, will share their transformative approach to strategy, focusing on driving impactful results and fostering a performance-driven culture. This workshop, successfully delivered at top European universities, has received **outstanding feedback** from students, and some of them have had the opportunity to join Sanofi, making this a unique chance to learn from industry leaders and potentially launch your career with a global healthcare innovator.

About Sanofi

Sanofi is a global healthcare company committed to transforming medicine through innovation. With a strong focus on immunology, vaccines, and consumer healthcare, it develops breakthrough treatments to improve lives worldwide. Guided by a people-centric approach, Sanofi continuously evolves its organizational culture and strategy to empower teams and drive impactful solutions. Leveraging advanced technologies like mRNA, the company is shaping the future of healthcare while fostering a healthier, more resilient world.

What's It About?

This exclusive event combines an **interactive workshop** with a **practical business case**, offering you a unique opportunity to:

- Learn how Sanofi's leadership transformed the company's culture and strategy.
- Dive into topics like **Performance Management** and **Innovation Transformation**.
- Collaborate in breakout groups to solve a real-world Sanofi business case.
- Network with industry leaders from Sanofi's headquarters in France.

Why is it exclusive?

Only **25 students** will be selected from all applicants. This ensures a personalized and high-value experience, where you'll interact directly with the team and other participants.
