

Zoom for Blackboard – Students Guide

☐ You will find a new “Zoom icon” on course content that will open Zoom automatically.

The screenshot displays the Blackboard course interface. At the top, navigation tabs include Content, Calendar, Announcements, Discussions, Gradebook, Messages, and Analytics. The left sidebar shows the 'Course Faculty' section with a profile for Pierre Auger, InSTRUCTOR, and a 'Details & Actions' menu with options like Roster, Course Description, Course Groups, Progress Tracking, Course Image, Course is open, Attendance, Books & Tools, and Question Banks. The main 'Course Content' area lists items: Syllabus, Quickly Attendance, Early grades, and Zoom for Blackboard. The 'Zoom for Blackboard' item is highlighted with a blue icon and a 'Visible to students' dropdown. A callout box with a blue border and arrow points to this icon, containing the text 'New Zoom icon on course content'.

(If you don't see the Zoom icon, please, request your professor to enable it and make it visible)
